An Open Letter To The Citizens of Appomattox

The public has a right to know the facts. The public has the right to know in what manner the employees of the Appomattox Garment Company have been treated.

The Company tells us to produce and produce. They tell us to sit at our machines, to keep our heads down, - no talking, no laughing, no singing they say. We do work hard and what happens? The Company makes the profits, the supervisors make their bonus and we get nothing but ill treatment.

Our factory is one of the top producers in the Company's chain. And yet, while other garment workers earn well over one dollar an hour, we have only received a five cents increase in two years.

We are not fighting against the Company. We've had no pickets. We have not prevented anyone from entering or leaving the plant. We do not believe in violence. Why should we? We have justice on our side and justice is the mightiest sword in the world.

Workers are the very heart of this great country of ours. In a democracy, workers are considered human beings who deserve decent pay and decent treatment.

We feel it is to the public's interest that they hear our story. We feel that the public will be proud to hear why we of the Appomattox Garment Company have stopped work of our own accord. And we feel it is the public's duty to back its citizens in their request for justice.

We, the undersigned committee, good and loyal citizens of Appomattox, invite you to attend a Public Rally Friday night at 7:30 P. M. at the High School Auditorium. Be With Us and Join With Us and Hear Our Story.

HIGHWAY TOLL FOR JANUARY

Richmond, Va., Feb. 4.- Both a hearty "well done" for the people of Virginia and sincere regret came simultaneously today from Colonel C. W. Woodson, Jr., Superintendent of State Police and Executive Chairman of the Governor's Highway Safety Committee, as the year's first month closed with an unofficial 61 deaths, which were 13 less than for the same month of 1950.

If this reduction could continue at the same rate all during the year, Colonel Woodson pointed out, some 153 lives could be saved on the basis of last year's death toll. Pedestrian deaths dropped from 24 to 16.

Concretely, Colonel Woodson gave consistent bad weather as a reason for the reduction of these lives, since during bad weather most drivers make allowances for dangerous conditions. He stated also that the reduction is all the more commendable in that bad weather failed to prevent a 1' per cent rise in traffic volumes.

On the other hand, Colonel Woodson felt that the sterner attitudes of many Virginia courts coupled with the full realization of Virginia's distressful 1950 record no doubt had their impacts.

At the same time, Colonel Woodson announced that Virginia's 1950 toll had dropped from the first tabulation of 908 t 905 but that late reports quite possibly could bring it even higher than 1908.

The reduction was occasioned by an erroneous report from another police department which listed two injured persons as dead and a pedestrian death which was ruled officially to be suicide. In the latter case, a mentally deranged person was observed to leap directly in the path of an automobile. Definite suicides of this type are not classified as traffic deaths, he said.

In spite of the reduction in January of 77 to 64, Colonel Woodson warned that 64 was the highest death toll for the month since 1941, with the exception of last year, and that late reports were expected to bring some upward revision.

A. H. S. Plays New London

Appomattox High School will play its next home basketball game at Concord on Thursday night at 7:30, when both boys and girls will meet the teams from New London Academy in league games.

Old Man Winter caused the two games to be postponed last week at Concord with Madison Heights and Concord High School. These games will be played at a later date in the season.

Appomattox boys and girls lost to South Boston Tuesday night at South Boston. The girls lost by a score of 23 to 21. Beatrice Totty led the scorers with 10 points, followed by Barbara Johnson with 9, and Virginia Chandler with 2.

The boys lost by a score of 74 to 22. The score at half time was 20 to 16 in favor of South Boston, but the large court and no practice for the past two weeks made the difference in the second half when the South Boston team caught fire and ran the score away up. Bill Jamerson had 10 points, Leon Paulette, 4, Ray Wingfield 4 and J. T. Guill 1.

The boys have played ten games and have lost all of them. The girls have played 9 games, won 6 and lost 3. The season is half way over at this point.
